

The background of the entire image is a vibrant golden starburst pattern. Numerous bright, glowing rays of light radiate from a central point, creating a sense of depth and brilliance. Interspersed among these rays are many small, out-of-focus golden particles, similar to stars or dust, which add to the overall shimmering effect. The color palette is primarily warm, consisting of various shades of gold, yellow, and brown, with a dark brown/black gradient at the very top and bottom edges.
